

To the Families and Students of St. Joseph School,

WELCOME TO ST. JOSEPH CATHOLIC SCHOOL!

We are so excited to be your new administrative team! We certainly understand that change can bring uncertainty and anxiety, but we believe it can also bring tremendous opportunity. We have always admired the mission and passion of everyone associated with St. Joseph Catholic School, and now, thanks be to God, we get to be part of a school family that is truly special. We would like to express a warm welcome to all of our new families, students and teachers who chose to make St. Joseph Catholic School their school this year. We are a school that strives to work together as a community by putting the interests and needs of our students at the forefront. Through a strong foundation of parental involvement and support, our educators are consistently developing new ways to connect and develop student growth, success and achievement throughout the school year. Our educators provide **"Education with Heart."** Everyday students have a variety of opportunities to grow and develop a long lasting relationship of faith through our Catholic Identity. This is what sets us apart from all the other schools. We are looking forward to a great year filled with many opportunities for our school community to grow spiritually, academically, and socially.

While we can look back and learn from some of the incredible changes and unprecedented experiences of the last 18 months, we prefer to look ahead to the wonderful learning opportunities and new relationships our upcoming school year offers! Parents, we need your support to make tis work. Teamwork is the only way to establish a path toward excellence. We know that our passionate teachers give 100% every day to your children. We are going to look to you to support them, meaningfully communicate with us, and pray for our school community.
